Rev.	Description	By	Date	ECR
A	Original Release	AS	7/20/2006	N/A
B	Format, min. wall thickness	SM	3/12/2020	N/A

Notes/Comments:

1. Min. wall thickness: 0.012 inches
2. Dimensions are nominal (inches).
3. This drawing represents the bottle 72 hours after time of manufacture. (Storage at nominal conditions)
4. The dimensional tolerances applied to the Overall Height of the container are to be applied to all height dimensions.
5. The dimensional tolerances applied to the major diameter or width of the container are to be applied to all diameter, width and thickness dimensions.
6. The actual weight will vary based on the actual production weight of the preforms
7. Alternative preform weight $30.6 \pm 1.5g$
8. Fill levels are based on room temperature water
9. Tim Plastics, Inc. assumes no responsibility for fit, function or form of closures, accessories and/or shelf life and compatability of intended contents with this bottle.
10. The customer is responsible to determine the suitability of the intended use of this product and to keep it in a suitable environment (cool and dry) during transportation, storage and handling.

CONFIDENTIAL

Volume & Weight Information

Capacity Specification

	Overflow Capacity:	181.0 ± 9.0 ml	Process/Preform:	ISBM	
Material:	PET	Container Target Weight:	25.0 ± 1.0 gm	Neck Finish:	48SP485
